COMMENTS FROM THE STUMP

I want to thank everyone for their well wishes and prayers for my recovery. As of this date, I am being treated for my heart condition and awaiting a heart transplant. I am responding to the treatment and am able to work on a limited basis for the time being. Spring is just around the corner, and so is our Spring meeting. April 27, 1996 is the date and it is fast approaching. I am looking forward to seeing all my friends and fellow scriptors at that time in Pikeville, Ky.

Our yearly Audit has been completed and it shows that we are in sound financial shape as we go into the new year. (See Audit report on page 10.)

A major drop in the 1996 membership to 340 members (86 members did not renew their membership) makes it imperative that something must be done to increase membership. The passing of

time is a major factor in the loss of membership. Some say that scriptors are a dying breed as many of our older members are eliminated due to their age. This is the prime reason to bring into our ranks new and younger scriptors. The special video project is expected to enhance the image of the NSCA, Inc. and become a great recruitment aid.

It is sad that so many of today's youth haven't the slightest idea of what script is and know little of the coal age history of the region in which they live. We must keep this history alive and this can only be accomplished through an educational program directed at the youth. Finally, you can help by promoting the NSCA, Inc. and by recruiting new members.

The first new memorabilia to be produced for 1996 will be a limited edition production Case commemorative knife to commemorate the Pikeville, Ky., Spring meeting to be held on April 27. A full description will be made on the special order form in this issue.

Don't forget to send me your ideas on the kind of new memorabilia you would like to see produced for 1996.

JAMES W. THOMPSON SUCCUMBS TO STROKE

BY: W. C. STUMP

James W. Thompson, President of the Thompson Coal and construction, a well known business entrepreneur and land developer of Bridgeport, WV and Islamorada, FL, Vice-President of the NSCA, Inc., Life Member Number One, and a long time supporter of the NSCA, Inc., died unexpectedly of a stroke on February 2, 1996 at Homestead, FL Hospital. Jim was spending the winter at his home in Islamorada, FL.

With his passing, scrip collectors lost a West Virginia original and a friend. For me, I lost not only a true friend, but a loyal supporter. "Big Jim", as I called him, always supported the projects I was in charge of promoting and was always ready to volunteer to assist me in every way. He was very helpful by submitting articles of interest for publication in *Scrip Talk* concerning the early West Virginia coal companies, which were of his many interests. I know that our NSCA, Inc. meeting, and especially the floor auctions, which he conducted as auctioneer, will never be quite the same without him. The lack of his special humor can never be replaced. But, I somehow feel Jim will be looking on at each auction as they meant so much to him.

Jim and I became closer friends after his heart surgery in August of 1994. Our medical conditions were similar as we both had diabetes, by-pass surgery and heart disease. We counseled each other on our treatment and never had a conversation that we didn't give and compare medical advice. In short, a special bond developed between "Big Jim" and myself. He worried about me and I him. I will miss Jim,

but the memories I have of the times we shared together will always be special to me. I am sure that this applies to his many other friends who had the privilege of being Jim's friend. We were simply friends, and as Jim stated in his articles, "That's the way it was."

On behalf of everyone in the Association, I extend our sincere condolences to his long time companion, Peggy A. Knotts.

A delegation, led by Harold Snodgrass, Lois Smith, and Bill Brock, representing the NSCA, Inc., traveled to Bridgeport to offer our support and to pay our respects to Jim's family and loved ones.

Jim was laid to rest at the W. Va. National Cemetery at Pruntytown, WV.

NOTE: Peggy informed me that Jim's telephone number has been disconnected, and if you need to reach her for any reason, you may call her at (304) 842-5304.

MEMBERSHIP CONTEST - DOWN TO THE WIRE

By: W. C. Stump

As we near April the 27th, the Membership Contest is still an open race. Thirty two new members have been recruited to date. As of this printing, first place is held by Lois Smith with five members recruited. Second place is a three way tie with Walter Caldwell, Bill Williams, and Steve Sodosky four members each to their credit. Paul Simons holds

third place with two members. G. R. Baker, Crawford Blakeman, Doug Bumgardner, Don Clifford, Floyd Cottrell, Bill Lint, Don Martin, Cecil Philpot, Jr., Georgia Johnson Scott, W. C. Stump, R. R. Tippy, Dave Whisman, and Doug Wright have added one new member each.

The race to the finish is still anyone's guess. What is a certain fact is a bag of goodies and a nice plaque awaits the winner of this contest.

THAT'S NOT MY JOB

Story submitted by R. R. Tippy

This is the story about four people named Everybody, Somebody, Anybody, and Nobody.

There was an important membership recruitment job to be done and Everybody was sure Somebody would do it. Anybody could have done it but Nobody did it.

Somebody got angry about that, because it was Everybody's job. Everybody thought Anybody could have done it, but Nobody realized that Everybody wouldn't do it.

It ended up that Everybody blamed Somebody when Nobody did what Anybody could have. Sound Familiar?

VCR PROJECT TO PROMOTE THE NSCA, INC. IS NEAR COMPLETE

By: W. C. Stump

Years ago Scriptor R. R. Tippy seen the need for an educational program to help keep alive the memory of the coal mining past of this nation, promote the hobby of scrip and mine artifact collecting, and to promote the National Scrip Collector's Association. He began to develop a 35mm slide program that could be used in his goal. Gradually, over the years, his project was developed.

In 1995, at the Bluefield meeting of the NSCA, Inc., Mr. Tippy presented his slide collection to the NSCA, Inc. for use in developing an educational program. The Executive Committee voted to develop an educational video, utilizing the 35mm slides, that would meet the criteria envisioned by Mr. Tippy. Mr. John J. Podgurski volunteered to take the "raw material" and have a modern VCR developed, complete with a professional narrator, that could be produced for distribution to public libraries, schools and civic organizations. The project is near complete and two master copies are planned to be produced. John is to be commended for his work in editing and producing this new video. Full details as to how copies may be obtained, and the cost per video, will be made available in the June issue of *SCRIP TALK*.

A REMINDER, "+" AFTER YOUR AD MEANS IT IS TIME TO RENEW.

A NEEDLE IN A HAYSTACK

By Steve Cawood

Several years ago, at one of our semi-annual meetings, I purchased a two-cylinder Osborne Register Company scrip machine from Bill Stump. The machine was used for dispensing \$1.00 and \$5.00 tokens. Stump had purchased the machine from Dr. N. S. Guy (whom I introduced to our hobby back in the early '70's). N. S. informed me that it came from one or another of the many commissaries which used St. Charles as a post office.

At the time I purchased my scrip machine, it was lacking two original components to make it complete:

1. a set of keys for the machine's several locks and
2. a (vertical) coin cylinder for the \$5.00 tokens.

Within several days, "Scriptor par excellence", "Mr. Corkey" (Harold Snodgrass), mailed me a set of keys that fit perfectly and made everything work, a gift I really appreciated.

I frankly never expected that my machine would ever be completely restored, even though I corresponded for several years with numerous sources throughout Appalachia seeking the missing component.

Recently, while touring the facilities of one of my client's warehouses, I spotted an abandoned safe whose doors were standing open, compelling me to look inside. There, I observed what I was convinced was a token cylinder for an ORCO scrip Machine! I immediately asked my guide if he knew what the object was, and who owned the safe. He had no idea what I was showing him, but luckily, assured me that the safe was owned by another client of mine, Fred Davis.

I immediately called Mr. Davis, the owner of Davis Construction (a long-time mine construction firm), told him of my discovery, and learned that Davis had purchased the safe from Norman Yarbrough of the Eastover Mining Company after Duke Power purchased the Whitfield's assets. These assets included the Brookside Mine in Harlan County, Kentucky, where this safe had been used for many years. The NSCA directory discloses that all of the Whitfield's second generation Appalachian mines (Kayjay, Little Creek, Brookside, Highsplit, and Pardee) used ORCO scrip, and so it's not surprising that a component of an ORCO machine would ultimately be discovered in what was once a Whitfield commissary safe. And now I even wonder whether what N. S. Guy thought to be a scrip machine from St. Charles, Va., was in fact the machine that came out of the Brookside Commissary, or maybe a Whitfield machine at Pardee (Gibson Fuel at Blackwood, Va).

Who knows? Truly a needle found in a haystack!

TREASURER'S REPORT

By. Elesa Ballard

Our auditor's report is complete with a carry over auction commission from 1994 that was deposited in 1995. Our 1996 report will also carry a membership and auction deposit that was deposited on December 28, 1995, but the bank had already changed the date to January.

We now have a balance of \$4,194.03 in our checking account. All bills and consignees from the auctions have been paid. There is no change in our CD Account or the Lifetime Membership Account. Our Book Fund has a balance of \$2,886.16.

We are still waiting on a decision concerning our tax exempt status despite numerous call to the IRS. We will not be required to file a tax report this year due to falling under the limits of assets.

Elesa Ballard, Treasurer.
